ARCH TECHNOLOGIES

Letter of Recommendation

To Whom It May Concern

This letter is to confirm that Ali Shehzan Punjwani was enrolled in and participated in the Cyber Security Internship and Training Program organized by Arch Technologies. The program was conducted from 1st July to 30th August 2026 (8 Weeks).

During this period, the internship program provided exposure to learning resources, practical assignments, and project-based activities. The program was designed to help develop practical understanding and gain familiarity with industry-related concepts and workflows.

This letter serves as confirmation of the individual's participation in the internship and training program conducted by Arch Technologies.

We appreciate the participation in the program and wish them continued success in their academic and professional journey. We hope they continue to develop their skills and achieve their future goals.

Best Regards,

M.A Rehman
